

Project Review:

SC2002-05

Olson Storage Site Construction of multi-tenant industrial building

Project Location:

MAP:

3

New Hope

9201 52nd Avenue N. New Hope

1 pond: southeastern edge of property, discharges into adjacent wetland

Inlet (s): No visible inlets. Sheet flow from parking lot into ditch adjacent to wetland.

Outlet(s): No visible outlets. Overtop berm or infiltration instead of dedicated outlet pipe?

Basin(s): No permanent pool.

Inspection Date: November 3, 2004

Comments: Emergency overflow is located adjacent to wetland. Ensure that pond was constructed as designed.
