Shingle Creek #8 is located in Brooklyn Park near the North Hennepin Community College. It was first sampled from 1997 to 2000.

Since 2011, Allison Crowell from Metro Tech Academy has been leading her students in the creek. She was able to bring her students to the creek in the spring and fall of 2012.

In the fall of 2012, it was completely dry. It gave the class a great opportunity to study the erosion and other physical characteristics of the creek bed.
